Jiliaev Jewellery is a three-generation family-owned business that focuses on the long-term commitment to quality. Jiliaev's work style and professional ethics are the dynamics that enable them to be different from others. They love exploring and working with new design concepts. Being able to create a new and original design is so imperatively necessary; a unique concept will have its meaning and connectivity with the imagination that will be carried on.

Creating a contemporary and comfortable environment, the Jiliaev's premises have a designated work area for the Designers, Master Goldsmith's, Precious gem Cutter's, Master Setter's and a computer Designer's work station. The beautiful Jiliaev's Flagship location designed solely by Andrei Jiliaev showcases the master pieces and virtual workstation in one place.
