## INTERNATIONAL ENGLISH CENTER

### About Us

With the recent cuts in the funding for public ESL Education and the increasing number of international students who seek post-secondary education in Canada, it is evident that there is a rising need for the private ESL training organization. International Education Centre is not the first to offer our service, and will not be the last to join the club.

Then, how would IEC differentiate ourselves with our competitors?

At IEC, we believe that, by providing the best, quality education, IEC helps nurturing responsible students and citizens who will help building a positive Vancouverite image that IEC deeply associates ourselves with. IEC understands that people may acquire new language at different pace in different environment, and IEC wants to provide choice for people of different motives and goals.
